Supervisory Patent Examiner, Art Unit 2625 DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below.

In claim 1, line 14, "add an XML-based signature from the purveyor" should be changed to "add an XML-based signature from a purveyor"

In claim 14, line 14, "add an XML-based signature from the purveyor" should be changed to "add an XML-based signature from a purveyor"

In claim 21, line 15, "add an XML-based signature from the purveyor" should be changed to "add an XML-based signature from a purveyor"

2. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony B. Wingrove on July 13, 2010.

Allowable Subject Matter

3. Claims 1-11, 13-19, 21-29 and 31-32 are allowed. The following is the examiner's reasons for allowance: Claim 1 is directed to a computer storage medium encoded with a color characterization profile format comprising a container configured to add an XML-based signature from the purveyor of the electronic device to the additional extensions of color space information, use the XML-based signature to deny the user the ability to edit the additional extensions of color space information, and permit incorporation of executable code. The most pertinent is Newman et al. (US Publication Number 2005/0280853). The prior art made of record does not disclose a container configured to add an XML-based signature from the purveyor of the electronic device to the additional extensions of color space information, use the XML-based signature to deny the user the ability to edit the additional extensions of color space information, and permit incorporation of executable code. The Examiner finds no reason or motivation to combine the above references in an obviousness rejection thus placing the application in condition for allowance.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, would preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communication from the examiner should be directed to Hilina Kassa whose telephone number is (571) 270-1676.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Moore could be reached at (571) 272- 7437. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
